Welcome

Once again a huge thank you to all of our wonderful staff, students, parents and agents for yet another memorable season.

I don't know why but 2015 was a nostalgic year for me and our slogan 4EVER MILLFIELD got me thinking about what we do and how we do it and what this means to so many people around the world. On my travels this year I met so many past students in reunions and fairs. They were all so enthusiastic about their experiences with us and many of them helped me to spread the message to new students. It made me very proud to know that somehow what we do has touched their young lives. I tried to think back to my own school days and I realised it was not WHAT I was taught that I remember, HOW was more important, but what I really remember now is how I was made to FEEL. With the experience, passion, energy and enthusiasm that abounds here we were certainly able to create that "feel good factor" again this year. Some of my highlights include the introduction of our new mascot, Mylo, an amazing firework display and the burial of a time capsule full of wonderful collective and individual memories. However, what summed up my feelings most was the fifth Millfield Musical where in keeping with the theme students travelled back through time to summer schools past. A magnificent effort from all involved.

After all what are we but a product of our memories? The aim is to build many more in 2016 and we hope you come along for the ride. It is going to be emotional!

English Lessons

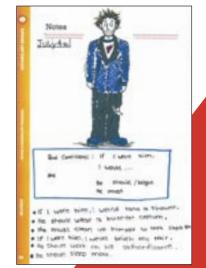

Providing our students with a good quality learning experience is our main aim, therefore on all of our courses throughout the year, we provide at least 15 hours of English tuition per week.

All students attend 3 hours of English classes during the morning on Monday, Tuesday, Thursday, Friday and Saturday with trained teachers. Students are tested on arrival and placed in classes after taking factors including level, age, gender and nationality into account.

In order to expose the students to two different styles of teaching and two different English accents, each class is allocated two teachers. All teaching materials are provided and are included in the cost of the course. On successful completion of the course, all students will receive an academic report, general report and course certificate.

Students can further improve their English by studying extra English and Exam Classes in the afternoons, see page 60 for more information.

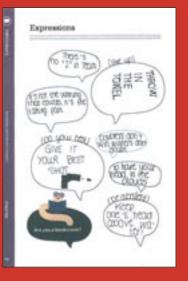

Course and Vocabulary Organiser

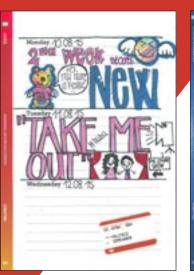

Each student will receive a Course and Vocabulary Organiser, written by Mark Greenow, which is an essential part of the academic programme and used in every lesson.

It is a "thinking notebook" with sections for each part of the English learning experience.

It also includes a diary, which students are encouraged to complete, vocabulary and grammar exercises, and a mini-dictionary making each student's learning experience unique.

General Information

Professional Staff

Apart from the full-time staff which includes the Director of Holiday Courses and Course Administrators, Millfield is fortunate to have many top quality staff who return year after year for the English Language Holiday Courses. Our staff members are specially selected for their wide range of skills and their ability to communicate effectively with people of all ages and cultures.

Arrival and Departure

The Student Travel Details form/online section must be completed and returned by the date specified on the form. Students who have requested a Millfield transfer will be met at the airport by a Millfield Representative who will be wearing a red Millfield t-shirt and carrying a Millfield sign. Please be aware that sometimes there are unavoidable delays and there may be a short wait at the terminal. Every effort is made to ensure that the students are transferred as quickly as possible. Staff will accompany students back to the airport and supervise the check-in procedure. Students who wish not to use the Millfield transfer service should make their own arrival and departure arrangements and inform us of these by completing the correct section on the application form.

Pocket Money, Valuables & Medication

Although everything needed is included in the price of the course, students may wish to bring pocket money to purchase souvenirs. We recommend about £50 per week and a maximum of £100 per week. Students should bring their pocket money in cash sterling. We have a cash machine facility on campus for which students can use a Debit or Preloaded Cash Card. You should ensure that the student has sufficient pocket money to cover the £30 damage deposit required on arrival at Millfield. If no damage is caused by the student, the £30 will be refunded in full to the student in cash on departure. If damage has been caused by the student, some or all of the £30 will be retained by Millfield to pay for said damage. Residential Co-ordinators will exchange any foreign money. Pocket money, passports and tickets will be collected from students on arrival, and be stored in a locked safe monitored by the student's Residential Co-ordinator. Alongside pocket money, all medication both prescription and non-prescription should also be handed in to the Residential Co-ordinator and they should be informed of any medication that the student may need to keep with them e.g. Inhalers, Epipens, Insulin etc.

Accommodation

We have separate girls' and boys' accommodation, and students may only mix in recreational areas of the houses. Some of the older students may enjoy the privacy of their own single room with shared bathroom facilities (although some may have en-suite), while younger students share 2, 3, 4, 5 and 6-bedded rooms and bathroom facilities. Each house has payphones to make international calls, and telephones which can receive incoming calls. Important messages can be left with the Course Administrators during office hours (09.00 – 17.00 hours UK time):

Clothes and Laundry

Students should bring, as far as possible, machine washable casual and sports clothes for everyday activities and variable weather conditions, and some smart clothes for special occasions. England can sometimes be wet and cold. Please ensure students have a jumper, a waterproof coat and suitable footwear. Clothes are laundered twice a week by the school. Students have to sort their own clothes when they are returned clean, so please label them clearly with the student's name/family name. Students must bring their own bath towels. Bed linen is supplied and changed once a week.

Meals

All meals are provided and most are served in the dining hall on each campus. The quality of the food is very high and the schools are experienced in catering for different religious persuasions and lifestyle preferences. At breakfast we offer a choice of cooked food (i.e. sausages, egg, bacon), cereal and fruit. At lunch and supper we offer both hot food and salad. Vegetarian options are available at all meals. Packed lunches are provided on excursions and occasionally supper will be a special barbecue outside. Refreshments are provided in the afternoon break. Please specify any special dietary requirements on the Medical Information form/online section.

Health and Welfare

A Residential Co-ordinator is appointed to manage each house and they have responsibility for the health and welfare of all students in their house. Students who report that they are feeling unwell are initially seen by a nurse at one of the Medical Centres. The nurse assesses the student and either provides medication or advice, or advises visiting the local Doctor's surgery. An appointment can usually be made for the same or next day. In an emergency the student is taken to the local hospital. In all cases of illness, the Residential Co-ordinator and other members of staff will check the student regularly and ensure that he/she is comfortable. Students are supervised 24 hours a day and we ensure that as many of our staff as possible are qualified in First Aid. Please ensure that the Medical Information form/online section is completed and returned. In addition, please send medicine prescription translated in English.

School Rules

In order to guarantee the safety and enjoyment of all students, a Code of Conduct is in place that must be followed by everyone. It is essential that everyone is aware of these rules. Millfield reserves the right to discipline and in extreme cases to expel the student at the parents' or guardian's expense, without the refund of fees. Please refer to the Parents'/Agents' Manual for the Code of Conduct.

How to solve a problem

If a student has a problem, it is important that they bring it to the attention of staff as soon as it arises. Any member of staff can be approached and will be willing to give assistance. For specific help, they can speak to the Pastoral Manager for accommodation, health and nutrition issues; the Academic Manager for any learning or teaching issues; and the Activities Manager for sport and activity issues.

If the problem is not resolved satisfactorily they should contact the Centre Manager who has overall responsibility for the course. He/she can be approached directly or through other staff at any time. Official complaints should be directed to the Director of Holiday Courses and Events, Mr Mark Greenow on:
