Student Stories

"As a kid, I was only amazed by the science of how things work, but now, I am amazed by the amount of hard work that goes into making medicines and curing diseases. In a growing world population, more and more people are needed to take care of the sick and develop new ways of treating diseases, and I want to be one of those people. Professionally, I believe I am quite familiar with labs and if I ever wanted to work in a lab, I think I would be fully equipped."

Joann Miriam Paul
Current Student, India
Bachelor of Biomedical Science,
La Trobe University

"After consulting with my lecturers, I decided to apply to the Bachelor of Information Technology course offered by the University of Newcastle through PSB Academy after completing my diploma. It would end up being one of the best decisions I have ever made. The activities that PSB Academy organizes outside the classroom like career development workshops and industrial visits helped me greatly in preparing for the next stage of my life after graduation."

Kaung Htet Wint Kyu
Alumnus, Myanmar
Bachelor of Information Technology,
The University of Newcastle, Australia

"The PSB Academy experience is something else. I was truly blown away. The lecturers were amazing. They are experts in their respective fields. All they want to do is to impart knowledge and help us become the best versions of ourselves. The other students also pushed me to be the best that I could be. I also greatly benefited from the various events organised by PSB Academy."

Lim Kian Tat
Alumnus, Malaysia
Bachelor of Science with Honours in Ethical Hacking and Cybersecurity, Coventry University

"Being the committee member of the Thai & Laos Student Association as an Events Manager who was responsible for organizing and coordinating bi-monthly events, I had a wonderful experience working with different races, nationalities and culture. Thankfully, I was able to never miss a single class and attained a 4.0 GPA from the support of my educators and peers."

Thamwisut Suchada (Joon)
Alumna, Thailand
Diploma in Tourism and Hospitality Management, PSB Academy

"Receiving the education from PSB Academy and University of Wollongong has changed my personality, perspectives, abilities, skills and knowledge. Aside from achieving higher education, I have grown to be stronger and more confident. In fact, it only took me one month upon graduation to find a full-time job in Singapore that offered me the wage and position that I have desired."

Tran Thi Bao Tran (Natalie)
Alumna, Vietnam
Bachelor of Commerce (Management and Marketing), University of Wollongong

"My time in PSB Academy was nothing short of amazing. The industry connections that I made through PSB Academy were also beyond my imagination. I completed my attachment with a research agency that supports R&D, which is aligned to areas of competitive advantage and national needs for Singapore. This allowed me to network and connect with the people there, thus being able to collaborate with them on research even after I graduated from PSB Academy."

Rom Uddamvathanak
Alumnus, Cambodia
Bachelor of Science with Honours in Computer Science, Coventry University
