WHY SINGAPORE ?

GATEWAY TO SOUTHEAST ASIA

Singapore is an ideal launching pad for businesses looking to expand into the region. The city's openness to trade, ease of doing business, highly-skilled workforce and focus on innovative solutions make it the strategic gateway of choice for many enterprises.

EASE OF COMMUTE

Singapore's public transport system is fast and efficient, and will whizz you to memorable attractions without fuss. Most of Singapore's key attractions are within walking distance from a train station, and the bus system is the most economical way to get around the city.

2

QUALITY OF LIFE

Singapore is regarded as one of the best places for expatriates to live and work, with its robust education system, job stability and opportunities. The island state is also consistently ranked among the safest cities in the world, with a global reputation for order and security.

4

RECREATION & LEISURE

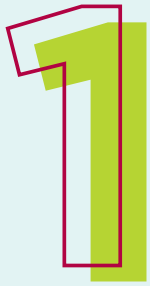

Whether it's riding a roller coaster or skydiving indoors, there's no shortage of fun activities to enjoy in Singapore. Experience thrills at exciting theme parks, join the night owls and explore Singapore after sundown, or invigorate your being through wholesome activities.

WHY PSB ACADEMY?

Once known as Singapore's Productivity and Standards Board, PSB Academy is known today as "The Future Academy", with an approach to education that focuses on what really matters: performance in the New Economy.

ACADEMY OF THE FUTURE

As one of Singapore's leading private education institutions with a 50-year heritage of producing industry-ready graduates, we are committed to defining our identity as an Academy of the Future with the support of our partners in academia and industry. Our spaces and practice-based pedagogy strongly steeped in real-world experiences means our diverse community of students can expect a teaching, learning and networking environment that will enable them to be Future Makers — active innovators and contributors to society.

TRANSNATIONAL EDUCATION

Though we are a young institution, we were one of Singapore's first productivity champions — starting out as a small unit in the government's productivity and standards board. Now, we are an international network of colleges that work with leading universities and quality education partners, to offer our students transnational education opportunities.

We now serve students from over 50 nationalities — many of whom can choose to study a diploma in their hometown, progress to an undergraduate degree in Singapore, tackle courses offered by internationally-recognised certification providers like Cambridge Assessment International Education, EC-Council and The Chartered Institute of Logistics and Transport, Singapore, and have the option of studying in our university partners' home campuses in Australia, New Zealand and the UK.

TRULY GLOBAL PERSPECTIVES

One of the best things you can learn from life on campus, beyond the classroom, is cultural fluency and networking skills—so you can stand out as a truly global graduate. With trips abroad, industry talks and even alumni reunions across the region held each year, an education here will broaden your perspectives, and perhaps inspire you to kick off your career in another country.

FOCUS ON EMPLOYABILITY

Your employability really matters to us, which is why we offer you career services in and out of your faculty. We provide a host of resources as well as workshops and career fairs during your time with us to get you prepared for your first job or get into a conversation about your next promotion.

In 2019, 8 in 10 graduates were employed six months after examinations (GES 2019).

INTEGRATION WITH INDUSTRY

On top of our well-established teaching pedagogies developed in consultation with our leading university partners, we aim to stay relevant by keeping our network of industry partners in close consultation. That is why we have our Industry Advisory Panels, with veteran professionals who are able to help keep our programmes current, so students are trained in skills that are in demand.

We are also proud to host CollabX, a multi-series event designed to be a platform for creating opportunities through learning, sharing and networking. This series of talks is open to the public, alumni and current students, and aims to expose them to the future of the jobs they are headed for, and focus on key skills and talents they will need to hone as they develop their careers here and in the region.

A CITY OF STUDENTS

Singapore, at the heart of Asia, is the epicentre of culture and convenience, and with that, the youthful city also boasts a perfect confluence of high-tech infrastructure, fast-changing business environment, a creative arts scene and a heart for innovation.

There's never a dull moment here at The Future Academy. Gain a depth of experience and a breadth of perspective through a wide range of student clubs and activities, as well as fun interactions with fellow students in the City. With so much going on, our students will be groomed to be more well-rounded as they progress into the real world.

CITY CAMPUS

LECTURE THEATRES

Our lecture theatres are acoustically balanced with adjustable lighting and AV equipment. Spaces range from a more intimate auditorium for 150 students, to a larger conference setting for over 350 students. In line with our campuses' universal design, our lecture theatres are wheelchair-accessible.

SEMINAR ROOMS

Students in MBA and other postgraduate programmes will be able to take advantage of the curved seating for seminar-style discussions. Writable glass panels allow for breakout discussions and wireless display technology helps break down the traditional boundaries of the physical classroom.

RADIO & TV STUDIOS

Students in media and communication programmes get to enjoy working with the latest equipment under the supervision of lecturers with industry experience. The purposeful design of the studios and integration into our communication programmes' curriculum provide practical preparation for our students' future careers.

CLASSROOMS

We have 29 classrooms and a sandbox classroom for experimental teaching methods. Our classrooms and common spaces feature writable walls for breakout discussions. Wireless display technology is also enabled in classrooms, allowing for video conferences from all over the world.

COMPUTER SCIENCE LAB

In collaboration with globally-recognised cybersecurity training organisation EC-council, we focus on training experts for the expanding field of cybersecurity to support Singapore's growth in this sector. Students can be trained in a virtual arena where they react to and counter simulated cyber threats.

ENGINEERING LABS

We are an AutoDesk Training Centre, helping students enhance their skills with Autodesk software and integrate professional engineering drawing software into the design process. PSB Academy also provides educational training in other cutting-edge engineering software in the diploma and degree modules.

CHEMISTRY & LIFE SCIENCE LABS

Our chemistry and life science laboratories offer students practical experience at using some of the industry's most commonly used equipment. These labs have been designed on the back of more than 10 years of experience in delivering top quality life science education.

SPORT SCIENCE LAB

Our Sport Science lab is fitted with 3D Motion Analysis video cameras that are used to capture movement skills. Through these videos, students will then perform biomechanical analysis to provide performance feedback as well as identify potential injuries.

Student life is never dull at PSB Academy. Discover your passion and connect with your peers through our student clubs and international communities. What's more, hone your leadership skills as a student leader and gain real-world experience through workshops and company visits organised by the Student Affairs and Industry Engagement Department.

Free WIFI for up to two devices is provided to each student, with the option to upgrade to a faster speed at a cost. Residents of PSB Academy Student Hostel also get to enjoy facilities such as a basketball court and BBQ pits for FREE!

PSB Academy Hostel @ Bugis: 33 Liang Seah Street

Type of Room	Accommodation Charges (SGD)* (6 months contract)	Accommodation Charges (SGD)* (12 months contract)
Single Deluxe	\$1,700	\$1,600
Single Premier	\$1,900	\$1,800
Double Deluxe	\$990	\$890
Double Premier	\$1,090	\$990
Triple Premier	\$890	\$79

Each unit is fully air-conditioned with an attached bathroom. Other furnishings include a mattress, a personal wardrobe, a study table, and a refrigerator. Free WIFI is also provided to each student. There is also a shared washer and dryer along with weekly housekeeping service.

*All fees stated are monthly charges per person, inclusive of shared utilities charges and 7% GST. Subject to change annually

1

SUPERCARGE MY CAREER

Featuring a distinguished line-up of industry practitioners, our annual career conference festival shares innovative strategies to equip students with the right mindsets and skills to stand out to recruiters, master future-ready soft skills, and land their desired job.

CAREER FAIRS

2

Organised annually, graduating students are given opportunities to network with potential employers on-campus, and receive insights on different organisations through sharing by our industry partners. Students may also log in to our PSB Academy - FastJobs Career Portal for real-time updates to job opportunities.

3

INDUSTRY VISITS

Our students across various disciplines enjoy opportunities to learn about the latest technologies, diverse organisation cultures, business operations and career prospects in a multitude of firms through a series of Singapore-based and regional industry visits.

WORKSHOPS

4

Our commitment to helping students be career-ready extend to personal development workshops, covering essential skills such as personal branding, résumé writing and interview communication. We also offer one-to-one career clinics for students seeking more personalised assistance.

GRADUATE EMPLOYABILITY SURVEY

RESPONDENTS

Your employability really matters to us, which is why we offer you career services in and out of your faculty. We provide a host of resources as well as workshops and career fairs during your time with us to get you prepared for your first job or get into a conversation about your next promotion.

KEY FINDINGS

Class of 2018

8 in 10

Employment Rate

PSB Academy Graduate Employment Survey 2019 was conducted by Tiptop Consultants. The employment rate refers to the number of graduates employed as a proportion of graduates in the labour force, and includes all graduates from full / part-time diploma and degree courses in 2018 six months after examinations.

Prospective students are encouraged to carefully consider their interests and available education pathways. Choose a course that helps you acquire skills and knowledge useful for your future employment. To discuss further with our programme consultants, please select your area of interest:

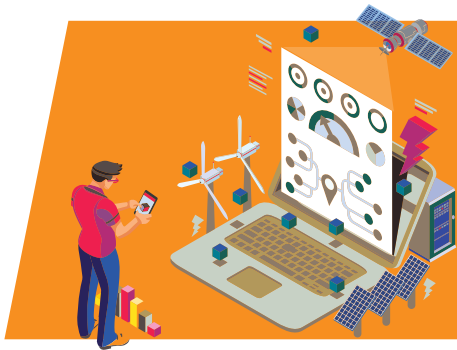

Foundation Studies

The School of Foundation Studies' lessons are designed to include experiential learning journeys & activities that focus on different activities & skills for young students, while short-term language skill workshops are also available.

Business and Management

Get your diplomas with our School of Business and Management, and advance to bachelor's degrees with some of the best and top business schools and universities in Australia and the UK.

Engineering and Technology

The School of Engineering and Technology offers industry-relevant engineering and infocomm technology courses in Singapore. Explore fields like cyber security, computer science and more.

Life and Physical Sciences

At our School of Life and Physical Sciences, choose from a range of applied life science degree courses to specialise in molecular biology, biotechnology, applied chemistry and pharmaceutical science, or major in sports and exercise science.

Postgraduate Studies

Planning to get a master's or doctorate in Singapore? The School of Postgraduate Studies' MBA courses offered in partnership with top business schools around the world aim to shape executives into thought leaders of the future.

OVERSEAS ALUMNI REUNIONS

Reconnect with fellow alumni in countries like China, Myanmar and Indonesia.

APPRECIATION SERIES

Savour an evening of delectable cuisines from diverse cultures.

FABULOUS FRIDAY

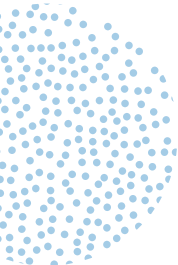

Chill and catch up over drinks and food at our social networking events.

MOVIE IN THE HOUSE

Sit back and be entertained at our blockbuster movie screenings.

FRESHMAN WELCOME

New students can join in orientation programmes to enjoy fun activities, make new friends and get familiar with our campuses. We have Break the Ice for Certificate in English Proficiency students, Connect+ for new diploma students and GNET for new degree students.

ARRIVAL IN SINGAPORE

Upon arrival in Singapore, please present these documents at immigration and on campus for your orientation.:

- ICA Disembarkation/Embarkation Card (D/E Card)
- PSB Academy Admission Letter
- Student's Pass Approval Letter (original copy)

A portion of the D/E Card will be returned back to you. Please keep this for the application of your Student's Pass.

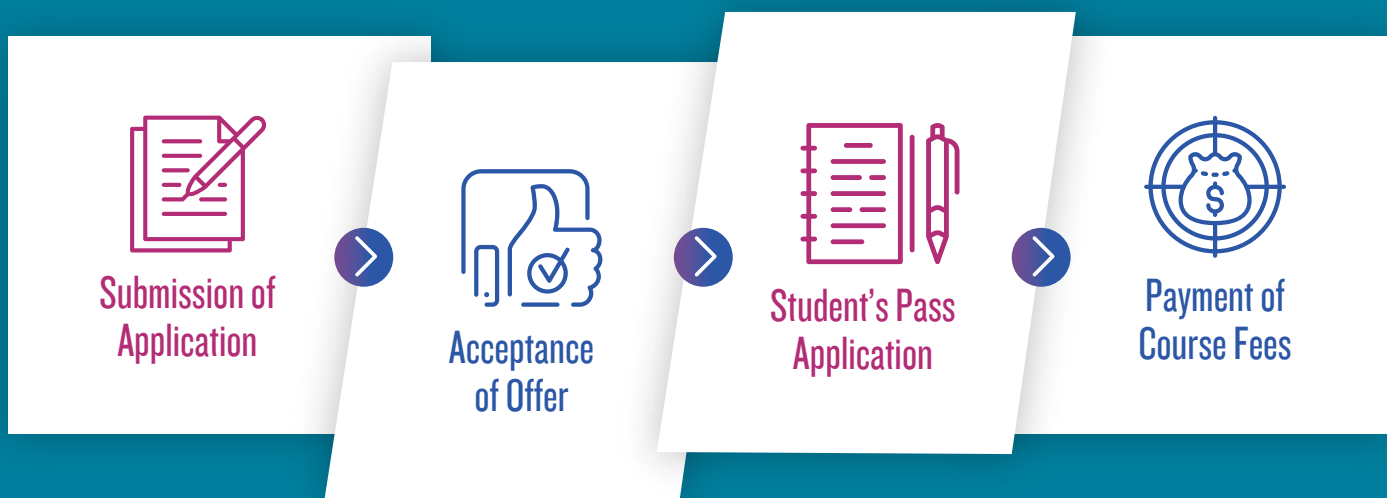

MEET AND GREET

We offer a complimentary meet and greet service for all new international students through our Meet and Greet vendor.

- Meet and greet at Changi Airport
- Transportation to your accommodation
- Arrangement for your medical check-up
- Coordination for your collection of Student Pass

Please request this service during your pre-admission counselling so that our Meet & Greet vendor will be notified prior to your arrival in Singapore. New international students need to log in for airport pick-up 3 days before arrival. An acknowledgement email will be sent to the students.

HOW TO APPLY

SUBMISSION OF APPLICATION

Please ensure that your application reaches us **at least 2 months** before course commencement.

ACCEPTANCE OF OFFER

Students will be notified of their application outcome within **10 working days**.

Successful applicants will receive their offer pack via email:

- Unconditional Letter of Offer
- Student Contract
- Student Activity Indemnity Form
- Private Education - Advisory Note to Students
- Instructions on Course Acceptance (International Students)

To accept our offer, please sign the student contract and forms.

All documents are to be sent in PDF.

STUDENT'S PASS APPLICATION

After receiving your signed Student Contract, we will help you submit your Student's Pass application to Singapore Immigration and Checkpoints Authority (ICA). You will be notified of the outcome **within 4 weeks via email**.

PAYMENT OF COURSE FEES

Once your Student's Pass application is approved in-principle by ICA, you will be required to make payment for the first instalment of your course and other relevant fees, as indicated in Schedule B of the Student Contract.

All payments for applications, course fees and other services offered by PSB Academy should be made only to us.

Please ensure the invoice / application # is entered as the bill reference. If you are unsure of your invoice / application #, please email your mode of payment and transaction reference number to contactus@psb-academy.edu.sg once you have made payment.

A payment receipt can be provided to prospective students on request. Please allow three working days after we have verified your payment.

Our online payment modes are:

- **Interbank Transfer / Telegraphic Transfer / Swift**

Account Name: PSB Academy Pte Ltd
Bank Name: United Overseas Bank Limited
Bank Branch: UOB Main Branch
Branch Address: 80 Raffles Place, UOB Plaza 1, Singapore 048624
Account Number: 451-306-636-2
Bank Code: 7375 / Branch Code: 001
Swift Code: UOVBSGSG (for international students)

- **DBS / POSB Internet Banking**

Go to **Bill Payment** and select **PSB Academy Pte Ltd** as the billing organisation.

- **Flywire (International Currencies)**

To protect our students from impersonation scams and phishing attacks, Flywire payment is enabled only through our PSB Academy website. Kindly use the link psb-academy.edu.sg/flywire for your security. If you detect any suspicious requests for personal information or payment, please inform us immediately at contactus@psb-academy.edu.sg

- **PayNow (Bank Mobile App)**

Open PayNow on your bank's mobile app and

Student Stories

"As a kid, I was only amazed by the science of how things work, but now, I am amazed by the amount of hard work that goes into making medicines and curing diseases. In a growing world population, more and more people are needed to take care of the sick and develop new ways of treating diseases, and I want to be one of those people. Professionally, I believe I am quite familiar with labs and if I ever wanted to work in a lab, I think I would be fully equipped."

Joann Miriam Paul
Current Student, India
Bachelor of Biomedical Science,
La Trobe University

"After consulting with my lecturers, I decided to apply to the Bachelor of Information Technology course offered by the University of Newcastle through PSB Academy after completing my diploma. It would end up being one of the best decisions I have ever made. The activities that PSB Academy organizes outside the classroom like career development workshops and industrial visits helped me greatly in preparing for the next stage of my life after graduation."

Kaung Htet Wint Kyu
Alumnus, Myanmar
Bachelor of Information Technology,
The University of Newcastle, Australia

"The PSB Academy experience is something else. I was truly blown away. The lecturers were amazing. They are experts in their respective fields. All they want to do is to impart knowledge and help us become the best versions of ourselves. The other students also pushed me to be the best that I could be. I also greatly benefited from the various events organised by PSB Academy."

Lim Kian Tat
Alumnus (Top Student Award Winner), Malaysia
Bachelor of Science with Honours in Ethical
Hacking and Cybersecurity, Coventry University

"Even though I came from a non-business background, I managed to overcome many hurdles and received the Dean's Merit Award consecutively in 2017 and 2018. All of these would not have been possible without the help and support from the lecturers at UOW who have helped me along the way."

Aileen Sugiarta
Alumna (Valedictorian), Indonesia
Bachelor of Commerce (Finance),
University of Wollongong

"Receiving the education from PSB Academy and University of Wollongong has changed my personality, perspectives, abilities, skills and knowledge. Aside from achieving higher education, I have grown to be stronger and more confident. In fact, it only took me one month upon graduation to find a full-time job in Singapore that offered me the wage and position that I have desired."

Tran Thi Bao Tran (Natalie)
Alumna, Vietnam
Bachelor of Commerce (Management and
Marketing), University of Wollongong

"I've had the chance to meet and make friends with people from all over the world. Everyone has been very friendly and welcoming. This includes the lecturers. They make sure everyone has fun while learning and are always on hand to make sure that everyone is headed in the correct direction and no one is left behind. With such a great atmosphere, studying in PSB Academy feels just like home."

Vety Meng
Current Student, Cambodia
Master of Business Administration,
The University of Newcastle, Australia
