STUDENT TESTIMONIALS

My learning at MDIS has been immensely fun, memorable & flexible! Due to the variety in modules, I had exposure in data analytics and learning how consumer behaviour works allowed me to transit easily into any career field.

Aayushi Tated

MDIS Alumna

Class of 2018

School of Business & Social Sciences (Business)

The modules I studied during my Mass Communications degree have also allowed me to be flexible in my job hunt. We studied many different topics such as media ethics, media law, advertising, public relations, TV productions and I even managed to get an internship in the sales department of a media consultant company.

Dian Hunafa

MDIS Alumna

Class of 2021

School of Business & Social Sciences (Media and Communications)

The lecturers who taught me during my programme had great subject expertise and they guided me in grasping complex theories. They also cleared my doubts and challenged me to explore subject matters that I did not initially realise I had an interest in.

Lim Yu Feng

MDIS Alumnus

Class of 2020

School of Life Sciences

Overall, I'm glad that I joined MDIS where I was given a second chance to succeed. I graduated from Higher NITEC and used to hate studying - but my journey at MDIS changed all that.

STUDENT TESTIMONIALS

Visual Culture is my favourite module because it helps us to improve our critical thinking. As a result of Covid-19 pandemic, the future of fashion is happening online, and brands will have to adjust how they create and sell clothing to make it work in a digital world. Studying abroad allows for personal development in a way that would not have been possible by staying at home.

Vijayan Rianey

MDIS Student
Class of 2022
School of Fashion & Design

The course exemptions allowed me to shorten my journey to get my Bachelor's degree, which was a major pull factor to enrol in MDIS. The engineering programme broadens my perspective and provides opportunity for leadership development.

Mohammed Shiddique Bin Mohammed Salleh

MDIS Alumnus
Class of 2019
School of Engineering and Technology

I was recommended to MDIS through a good friend who had also studied at MDIS previously. The credentials of the institution and its team of vastly experienced and knowledgeable lecturers led me to decide to enrol in MDIS. The flexible studying schedule for all the modules permits me to pursue my education while working as a psychiatric nurse.

Choy Kwok Fu

MDIS Student
Class of 2022
School of Health & Nursing

MDIS made my academic journey interesting and fun. The cosmopolitan environment in MDIS and Singapore provided me with an opportunity to learn about various cultures from around the world which prepared me to interact with people. This is definitely an important aspect of the hospitality industry.

Having stayed in the hostel for more than two years, I have become more independent and have built friendships with students of different nationalities.

The thought of going overseas to study alone was scary. Luckily, I met the hostel staff who made me feel like this is my second home. With 24-hour security, I feel safe. MDIS Hostel is also affordable.
