BANGOR UNIVERSITY, UNITED KINGDOM

Established in 1884, Bangor University has a long tradition of academic excellence that continues to this day. It is situated in one of the most beautiful locations in the United Kingdom. Bangor University has over 11,000 students and over 650 teaching staff based in 9 Academic Schools grouped into three Colleges.

Bangor University has an established reputation in the field of teacher training, educating students to meet the needs of schools throughout Britain and beyond. The School's research activity and taught courses extend beyond teacher education and include areas such as childhood and youth studies, innovative product design courses and courses for education professionals.

Our wide range of progressive courses can be pursued through the medium of Welsh or English or bilingually. In all our teaching, on whatever the course you are on, we link theory to practice applied in the real world giving you the skills you need to thrive when you graduate.

UNIVERSITY OF CENTRAL OKLAHOMA, UNITED STATES

The University of Central Oklahoma (UCO) was founded in 1890 and is a public university in the USA.

Offering 115 bachelor's degrees and 75 master's degrees, UCO's programs boast top academic credentials, such as ABET (engineering) and AACSB (business). U.S. News & World Report consistently lists UCO as a Tier One Institution (2020) in its 'Best Colleges' rankings. The Wall Street Journal/Times Higher Education College Rankings ranked the University of Central Oklahoma in its Top 10 list of U.S. "Colleges Where Students Feel Most Engaged" (2016).

Students will join a network of 6,800 international professionals from 150 countries that have attended UCO in just the past decade.

TEESSIDE UNIVERSITY, UNITED KINGDOM

Teesside University is a dynamic and modern institution, based in the north east of England, generating and applying knowledge that contributes to the economic, social and cultural success of students, partners and the communities we serve. We are an ambitious and enterprising university for a focused and pragmatic global new generation. We provide real opportunities and support to realise potential on a campus fit for the future and around the world. From developing an innovative and informed curriculum, tailored to industry, to addressing societal challenges on a global scale through inter-disciplinary research, the University's work is always relevant and purpose driven. Through education enriched by research, innovation, and engagement with business and the professions, we transform lives and economies.

EDINBURGH NAPIER UNIVERSITY, UNITED KINGDOM

Edinburgh Napier University comprises 6 schools with an international focus, each committed to growing academic reputation, delivering an excellent personalised student experience and building innovation, enterprise and citizenship. The University has around 19,500 students studying across their three campuses in Edinburgh, and on transnational education programmes with partners overseas.

Edinburgh Napier University is a nationally and internationally recognised education provider:

- Ranked 35th in The Guardian University Guide 2022
- Ranked top 60 UK University in The Times Good University Guide 2022
- 95% of graduates are in work or further education within six months of graduating (HESA 2016/17)
- AACSB accredited

UNIVERSITY OF SUNDERLAND, UNITED KINGDOM

The life changing University of Sunderland has 20,000 students based in campuses on the North East coast, in London and Hong Kong and at its global partnerships with learning institutions in 15 countries. We are proud of our long-established commitment to widening participation, our world-leading research, public and private sector collaborations and our track-record for providing quality student experiences that result in graduates who are the tomorrow-makers of our societies and economies.

In March 2018, we were successful in our bid to open a new School of Medicine. With a track-record of excellence in medical education spanning almost 100 years, the University is now well-placed to address the chronic shortage of doctors in the North East.

We were also delighted to be ranked 16th (out of 131 universities) in the 'University of the Year' category of the Whatuni Student Choice Awards 2019, the only national awards voted for by students. Our commitment to Equality, Diversity and Inclusion was reinforced recently when we were named University of the Year for Social Inclusion (The Times and Sunday Times Good University Guide 2021) and our We Care programme picked up the Widening Access Initiative (Retention and Progression) Award at the 2020 NEON awards.

The MDIS Business School (MBS) is the largest and most established school within the Management Development Institute of Singapore. Offering students an industry-relevant and multi-disciplinary approach to education, the school prepares them for career commencement and advancement in today's complex business environment.

To meet global challenges, MBS offers a range of business programmes ranging from International Foundation Diploma to a Doctorate Degree. The Business School partners with five renowned university partners in the United Kingdom and the United States: namely Bangor University (UK), Edinburgh Napier University (UK), University of Sunderland (UK), Teesside University (UK) and The University of Central Oklahoma (USA). The university partners with reputable rankings are carefully chosen to provide students with a rigorous and thorough knowledge of the field of discipline.

The key academic programmes offered in MBS include business management, accounting, banking and finance, marketing, and international business. The career choices for business graduates are incredibly diverse and include banking, finance, insurance, accounting, data analysis.

MBS is staffed with a pool of highly-qualified lecturers and experienced professionals. To provide students with that extra edge in an increasingly competitive economy, MBS organises seminars, industry talks, company visits, and networking opportunities, available even to alumni.

DOCTORATE IN BUSINESS ADMINISTRATION

PROGRAMME OBJECTIVES

- The DBA is designed for people who have achieved, or expect to achieve, senior organisational positions and who wish to develop their analytical and research skills and knowledge.
- It is a professional doctorate, equivalent to a PhD but with a strong focus on applied research. Learn how to enhance professional practice by applying and developing theoretical frameworks and perspectives.
- Develop proficiency in research, methodological and analytical skills
- Promote critical thinking and the ability to deal with complex, interdisciplinary facets of organisations
- Foster professional development skills
- Provide the highest level of management education

Modules		
<ul style="list-style-type: none"> • Research Methods for Doctoral Students • Applying Management and Organisational Studies Research • DBA Advanced Independent Study 		
Course Fees		Duration
Application Fees Local Student: S\$218.00	Application Fees International Student: S\$490.50	Full-Time: 27 months Part-Time: 36 months
Tuition Fees Full-Time/Part-Time S\$48,897.40	Tuition Fees Full-time S\$55,847.24	<ul style="list-style-type: none"> • All application fees are non-refundable. • All fees quoted are inclusive of GST. • The amount illustrated is based on 9% GST, effective 1 January 2024 and the total amount payable will be charged accordingly. • Local: Non-tuition fees for full-time programmes include MDIS membership entrance fee, membership subscription fee, MDIS experience workshop, academic writing workshop, medical insurance and fee protection scheme. Non-tuition fees for part-time programmes include MDIS membership entrance fee, membership subscription fees, MDIS experience workshop, academic writing workshop and fee protection scheme. • International: Non-tuition fees for full-time programmes include MDIS membership entrance fee, membership subscription fees, MDIS experience workshop, medical insurance, medical examination and administrative fee. • Non-tuition fees for international students may vary. • Non-tuition fees are not refundable. Please refer to MDIS refund policy on our corporate website for more details.
Non-Tuition Fees Full-Time S\$650.00 - S\$1,200.00	Non-Tuition Fees Full-Time S\$1,400.00 - S\$1,600.00	
Entry Requirements		
<ul style="list-style-type: none"> • Applicants should have a Master's degree in a subject related to business and/or management (for example MBA), together with a minimum of three years of managerial experience • Applicants will also be asked to send a short research proposal • All applicants will be interviewed and must show that they have undertaken recent and relevant study or practice in the field of business and/or management 		<ul style="list-style-type: none"> • IELTS 6.5 (with no elements lower than 5.5) OR • University approved equivalent
Methods of Assessment		Criteria for Admission to the Programme
<p>As with all doctoral programmes the key assessment output is a thesis, and the two taught modules are focused on providing the students with the opportunity to explore their chosen specialised area of research and preparing them to complete the thesis. There is therefore relatively limited variation in assessment methods – all modules are largely assessed by classic 'academic writing exercises', such as research project and a pilot study report. Oral presentations are included as formative assessment method, and aim to support students in developing their ability to articulate and defend their research at viva voce.</p>		<p>The DBA is designed for people who have achieved, or expect to achieve, senior organisational positions and/or who wish to enhance their analytical and research skills and knowledge. Applicants should have a Master's Degree awarded in a subject related to Business and/or Management (for example MBA, MSc Project Management, MA HRM, MSc Engineering Management, MSc Oil & Gas Management), together with a minimum of three years' managerial experience. The applicants will be asked to send a short research proposal.</p> <p>All prospective students will be interviewed: the applicants must show that they have recent and relevant study or practice in the field of business and/or management.</p>

Minimum Number of Students to Commence Class

MDIS has the right to cancel a class/an intake if the minimum number of students enrolled is less than 10 for any programme per class. Students may enroll into a later intake, if any, or withdraw from course. (For refund, please refer to our Refund Policy)

MASTER OF BUSINESS ADMINISTRATION

PROGRAMME OBJECTIVES

- This internationally recognised MBA programme is created for graduates with significant business/management experience. It will significantly enhance your capability to function as a senior manager within a wide range of commercial and service organisations
- You will develop your strategic management knowledge, competence and problem-solving ability. You will also learn about international management practice, and the development of effective business cultures and performance enhancement
- The MBA is designed to draw upon the experience of the candidate and in recognition of the applied nature of the award, the programme will emphasise an integrated and practical (professional) orientation over a theoretical approach

MASTER OF BUSINESS ADMINISTRATION (MARKETING)(E-LEARNING)

PROGRAMME OBJECTIVES

- This degree is designed for graduates wishing to start, or further develop careers in marketing. It explores the principles, theoretical concepts and practice of marketing within the context of business and management and will focus on developing academic and applied skills in Marketing including advertising, brand management and loyalty, customer service, public relations and market research.
- The programme will also develop students' knowledge and skills across a broader range of business and management subjects, including organisations, their management and the changing external environment in which they operate and develop students' ability to take a strategic overview of business and organisational issues.
- An important objective is to provide relevant analytical training in the latest strategic, managerial and industrial developments in Marketing both the public and private sectors. We look at marketing at local, national and global levels developing skills in strategic analysis, problem-solving and decision making.

MASTER OF BUSINESS ADMINISTRATION IN BANKING AND FINANCE

PROGRAMME OBJECTIVES

- The Bangor Business School aims to build on our long-established expertise in the area of postgraduate training in banking and finance by offering a one-year MBA Banking and Finance, which aims to develop participants' academic and managerial skills in these areas. An important objective is to provide relevant analytical training to familiarise participants with the latest strategic, managerial and industrial developments in the financial services industry.
- The MBA in Banking and Finance course provides a coherent analytical framework for the study of banking and financial developments from a management perspective. The emphasis throughout the programme is on the application of contemporary, financial, managerial and strategic developments that affect real world decision-making in the global financial industry.
- We recognise that a thorough understanding of recent developments in banking and financial firm strategies, financial management, risk management, international financial markets, marketing strategies and performance evaluation are essential requirements for all those involved in financial sector activities.

Modules

INTERNATIONAL FOUNDATION DIPLOMA IN SCIENCE, TECHNOLOGY, ENGINEERING, MATHEMATICS AND ART

PROGRAMME OBJECTIVES

International Foundation Diploma (IFD) in Science, Technology, Engineering, Mathematics and Art aims to prepare students for transition into degree-level study, by equipping them with the fundamental skills and knowledge needed to be successful in the International Foundation Diploma's subjects. This programme creates an alternative progression route into globally recognised External Degree Programmes (EDPs) across MDIS, allowing entry to students who do not hold the qualifications to satisfy the usual entry requirements.

On successful completion of the course, the students will be able to:

- Understand the strategies and techniques to support continued undergraduate study [Knowledge]
- Demonstrate knowledge and understanding of concepts and applications in subject areas relevant to their intended progression route [Intellectual Skills]
- Apply subject specific knowledge and theory to tackle simulated problems and case studies in areas of relevance to their chosen degree programme [Intellectual Skills]
- Search, disseminate and acknowledge a variety of sources of information [Practical Skills]
- Carry out practical work accurately, precisely and in accordance with health and safety procedures [Practical Skills]
- Communicate effectively in oral and writing for different audiences [Generic Skills]

MDIS
Management Development
Institute of Singapore

Founded in 1956, the Management Development Institute of Singapore (MDIS) is one of Singapore's oldest not-for-profit professional institutes for lifelong learning. MDIS has two main subsidiaries: Management Development Institute of Singapore Pte Ltd which oversees its Singapore academic operations, and MDIS International Pte Ltd which focuses on MDIS' globalisation strategy.

MDIS offers internationally-accredited courses in Business and Management, Engineering, Fashion and Design, Health and Nursing, Information Technology, Languages and Education, Life Sciences, Media and Communications, Psychology, Tourism and Hospitality Management and Safety and Environmental Management. These programmes are offered in collaboration with renowned universities in the United Kingdom and the United States of America. MDIS also has set a proven track record of preparing students to excel in the Singapore-Cambridge General Certificate of Education (Ordinary and Advanced Level), Cambridge International General Certificate of Secondary Education (IGCSE) and Cambridge International Lower Secondary, through its comprehensive preparatory courses.

MDIS is EduTrust certified, attesting to its exemplary education and business excellence standards. The institute was first awarded the certification in 2010 – subsequently renewed it for four years in 2014, 2018 and 2023. MDIS was also one of the first Private Education Institutions (PEIs) to be registered under the Enhanced Registration Framework.

Equally vested in corporate-level training, MDIS' corporate training arm, the Management Development and Consultancy, was set up in 1995 to cater to the training needs of the workforce. In 2014, MDIS acquired the Service Quality Centre to diversify its offerings in training solutions – in its endeavour to be a premium provider of training solutions in the region.

Apart from the main Singapore campus, MDIS has international campuses in Tashkent, Uzbekistan, Johor, Malaysia, as well as Dushanbe, Tajikistan. MDIS also has representative offices in India, and Indonesia, as well as agents throughout Southeast Asia.

MDIS STUDENT'S EXPERIENCE

Dr Tommy Lin

MDIS Alumnus
Class of 2021

I chose MDIS as it is a well-established school with good academic resources. The DBA programme allows me to become a scholarly practitioner, with the combination of academic research skills to be applied in a business context. Additionally, I was able to use the research techniques in my work area and gain a deeper understanding of the knowledge gap in my chosen industry.

FOCUS ON EXPERIENTIAL
**LEARNING AND
PRACTICAL
COURSEWORK**

The School of Business and Social Sciences encompasses three major disciplines (Business, Media and Communications, Psychology) within its structure to offer an interdisciplinary learning approach to all students.

The MDIS School of Media and Communications (SMC) partners with Teesside University and the University of Sunderland, to offer a wide range of mass communications programmes. The School of Media and Communications has a complete progression pathway from International Foundation Diploma to Bachelor's Honours degrees.

The mass communications programmes offered are industry-focused and relevant to today's fast-paced media landscape. With its fully-equipped Radio and TV studios, as well as Audio and Video editing suites, students have the opportunity to practise what they learn within their academic curriculum.

Students are trained to master essential skills such as handling radio and television equipment, content producing, directing, scripting, and video editing. They also learn advertising and public relations concepts and principles. These skills allow students to take on diverse roles in the media industry upon graduation.

Students can also join the Media and Communications Club, where they operate the campus's Radio and TV stations, and develop their broadcast journalism skills. These practical aspects ensure that our graduates are well-prepared for the real-world environment.

Aligning the curriculum with the Singapore government's Media 21 blueprint, the School of Media and Communications continues to introduce industry-relevant media programmes to ensure our students can make their mark in the media industry.

BACHELOR OF ARTS (HONS) BROADCAST MEDIA PRODUCTION (TOP-UP)

PROGRAMME OBJECTIVES

• Broadcast media production equips you with skills for TV, audio, radio, film and interactive media. The programme gives students the opportunity to develop skills within a variety of disciplines and access to many different career opportunities.

The overall aims of the programme are to:

- Produce distinctive employment-ready graduates who are producers of creative and informed work that is relevant to contemporary multi-platform broadcast media industries
- Produce adaptive, imaginative and critically-aware graduates who have a broad contextual understanding and high-level technical knowledge of the multiple disciplines within the broadcast media industries
- Produce graduates who have an informed understanding of the economic context of media production and who can apply appropriate entrepreneurial abilities when dealing with clients, audiences and markets
- Produce graduates who have a critical understanding of the ever-changing nature of the broadcast media industries
- Produce graduates who are able to work effectively both in teams and independently
- Produce graduates who have a range of scholarly and practice-based research skills who can apply these to find solutions to real-world problems
- Produce graduates who are confident in working in a multi-disciplinary environment
- Produce graduates who understand the complex national and international contexts in which media is produced
- Produce graduates with identified areas of professional strength whilst possessing a multiple skillset
