

OnCampus UK North is based at the University of Central Lancashire in Preston. Is it the ideal study destination allowing students to focus on their studies while offering close proximity to the major cities of Manchester and Liverpool.

Preston was named as the best city in the North West to live and work

Good Growth Index, 2023

Great location

1 hour to Manchester, Liverpool or Blackpool by train

Around 2 hours to London or Glasgow

Preston was voted the most affordable student city

Average student weekly rent £83, compared with over £150 per week in London, The Times 2023

“Preston is a very affordable place to live for international students.

Everything from food to accommodation is cheaper than other cities in the UK.”

Find your place at a top UK university

For many years, OnCampus UK North has connected international students with their ideal degree. Our students can progress to hundreds of different degree programmes at our trusted university host, the University of Central Lancashire, or to a number of universities further afield in the UK, Europe and around the world.

1. Guaranteed progression

When you pass our programme, you have a choice of thousands of degrees at world-leading partner universities. If you are aiming for progression to the University of Central Lancashire, you'll receive a conditional offer from them alongside your offer to study at OnCampus UK North.

2. Career focused

Our programmes align with your career goals, providing work experience and industry connections through our partner universities. You'll have opportunities to join our Student Ambassador scheme, become a Content Creator or a class Student Rep to help build your confidence, grow your friendship group and develop those leadership skills before you start your degree.

3. Personalised support

We ensure smooth progression to your degree if you choose to continue at the University of Central Lancashire, or our dedicated team is here to assist you to apply to other universities in the UK and beyond. We offer excellent accommodation options and expert visa support. When you start at OnCampus UK North you'll have a fun-filled induction week helping you get to know the area. We'll help you with setting up a bank account, registering with a GP and ensuring you're fully settled in your new home.

"I want to make a difference in the world. I'll be able to study subjects here such as Nuclear Engineering and Environmental Engineering to one day contribute to reducing greenhouse emissions. I also love living in the UK, it's a nice change from the hot and humid weather back home in the Middle East."

Rehman, Kuwait
UFP Engineering

Guaranteed progression to the University of Central Lancashire

Based on campus at the University of Central Lancashire, OnCampus UK North offers guaranteed conditional progression to a wide range of degrees across Business, Humanities, Engineering and Life Sciences from our Foundation programmes.

Students looking to study medicine or related health sciences degrees such as Veterinary Medicine and Dental Therapy can do so to the University of Central Lancashire with progression from our Medicine Undergraduate Foundation Programme.

For more details on the pathways to University of Central Lancashire see page 10

100%

of students receive a conditional offer from University of Central Lancashire

93%

pass rate in MMI interviews at UCLan (September 2023 cohort)

88%

of students were eligible to progress to the University of Central Lancashire

For details on all medicine university partners available see pages 16–25

University Highlights

OnCampus is proud to work in partnership with the University of Central Lancashire to offer high-quality university preparation programmes for international students on the University campus. The University has a wide range of scholarships available to students who can demonstrate academic and personal excellence.

Student Futures Team

can help you research and plan your career, and put you directly in touch with recruiting employers.

No 1. for affordability

UCLan was voted the UK's no.1 most affordable university

The Times, 2023

QS 5 stars

Teaching

been awarded the maximum 5 QS Stars (Excellent) for our teaching (2025)

95%

in work or study within 15 months of graduation

HESA 2023

Ranked third in the UK for the mental health support we give to our students.

HUMEN 2022

Working in partnership with a number of global brands

including NASA and the Harvard Smithsonian Astrophysical Observatory

Ranked 11th in the world (out of 1,037 institutions) and 3rd in the UK (out of 53 institutions)

Times Higher Education University Impact Rankings

1828

The University has a long academic history which can be traced back to 1828

Esteemed academics

lead research active roles from Art (Turner Prize Winner and CBE holder Lubaina Himid), Forensics and Policing (Prof. Michael Mulqueen) and Midwifery (Prof. Soo Downe)

Teaching
Excellence
Framework

There is so much good practice across the university that we were able to draw upon in our award submission and I'm delighted our drive to continue to improve student experience and outcomes has been recognised"

Vice-Chancellor of the University of Central Lancashire Professor Graham Baldwin

Faculty Highlights

At the Faculty of Science and Engineering, leading academics and cutting-edge facilities tackle global challenges through research across diverse science and engineering fields.

"I think OnCampus has given me a huge advantage and I've settled in really quickly. We can access the university facilities such as the library and sports facilities and we have hands-on classes in the Biology laboratories too. The teachers are really friendly and happy to help with any questions. The course materials are so easy to follow and my classmates are motivated which has had a positive influence on me."
